

Academically advanced juniors and seniors are encouraged to participate in dual-enrollment with an accredited college. Interested students will apply to the college directly.

What colleges offer Dual-Enrollment?

Carlisle Christian Academy will provide necessary transcripts and signatures. The family is responsible for college related fees, most of which are greatly reduced for qualifying high school students (as low as \$100 per credit). SAT scores, entrance testing, and GPA are commonly used to assess student readiness for these programs.
