

EITC (Tax Credit Program)

In 2001, Pennsylvania became the first state to pass the Educational Improvement Tax Credit (EITC) program, which allows businesses to direct funds that would otherwise go to taxes toward a non-profit scholarship organization.

Not only does participation in the EITC program increase a student's chance to receive the education of their choice, but also it results in a tax credit for the business and the money stays right in our community.

Although standard charitable donations reduce your amount of taxable income, tax credits reduce your actual tax bill, dollar-for-dollar.
